

Early Years Conference

Collaboration Space

Don't miss out on this great opportunity to pose questions to your peers and explore how others are approaching similar issues or activities in their work.

The session is designed to encourage open discussion around emerging trends in practice, share insights and experiences, and collectively problem-solve challenges.

The Collaboration Space supports meaningful dialogue, peer learning, and the co-creation of ideas that can be taken back into practice.

Delegates are encouraged to add any questions they may have throughout the conference to the clipboards provided in the Trinity Room. Those who pose the questions will be expected to lead the conversation in small group discussions.

See the Committee Members if you would like to know more!

When:	Day 2: Friday 22 May 3:30pm - 4:30pm
Where:	Trinity Room
